# Data Dictionary: Homeless Services

This dictionary defines the fields in the JSON data file, which contains information about various social and homeless services. Each object in the file represents a specific service offered by an organization.

Key Name	Data Type	Description	Example(s)	Notes
<code>id</code>	Integer	A unique numerical identifier for each record within this specific JSON file.	<code>0, 548</code>	
<code>url</code>	String	A unique URL from the 211 San Diego system that points to the specific service record.	<code>"https://211.my.site.com/a1j2M000002x7L6QAI"</code>	
<code>Organization</code>	String	The official name of the organization providing the service.	<code>"Jacobs and Cushman San Diego Food Bank", "Father Joe's Villages"</code>	
<code>Service Name</code>	String	The specific name of the program or service being offered.	<code>"Senior Food Program, Warner Springs Community Resource Center", "Emergency Food Assistance"</code>	

Key Name	Data Type	Description	Example(s)	Notes
			Program (EFAP), The Movement Church"	
Address	String	The physical street address of the service location.	"439 IOWA STFALLBROOK, CA\&#00a0092028Confidential:Get Directions", ""	Can be an empty string if the address is not public or applicable (e.g., mobile services). May contain extra text like "Confidential:Get Directions" that needs to be cleaned.
ADA Accessible	String	Indicates whether the facility is accessible to people with disabilities.	"ADA Accessible", "Not ADA Accessible"	
Main Phone	String	The primary contact phone number for the service.	"(866) 350-3663", ""	Can be an empty string if no phone number is provided.
Website	String	The official website URL for the organization or service.	"https://www.sandiegocounty.gov/content/sdc/awm/farmers_markets.html", null	Can be null if no website is available.
Email	String	The contact email address	"info@csbcs.org", ""	Can be an empty string if

Key Name	Data Type	Description	Example(s)	Notes
		for the service or organization.		no email is provided.
Latitude	String	The geographic latitude of the service location, formatted as a string.	"33.2565673", null	Can be null if the location is not specified.
Longitude	String	The geographic longitude of the service location, formatted as a string.	"-116.3762412", null	Can be null if the location is not specified.
Intake Hours of Operation	String	A detailed description of the days and times when clients can apply for or begin receiving services.	"8:00 am-10:00 am, 3rd Tuesday of the Month; 2025 Reschedule Dates: 1/21, 2/18, 3/18, 4/18, 5/20, 6/17, 7/15, 8/19, 9/16, 10/21, 11/18, 12/16"	This is a free-text field and can have complex, non-standardized formats.
Specific Hours	String	Additional notes about operating hours, such as holiday closures or special schedules.	"No holiday closures", ""	Can be an empty string if there are no specific notes.
Intake Procedure	String	Instructions on how a client can access the service.	"Call, Walk-in for services",	

Key Name	Data Type	Description	Example(s)	Notes
			"Walk-in for services, Drive-thru"	
Documents Required	String	A description of the documents a client must provide to receive services.	"Proof of Residency, Photo ID", "No Documents Required"	
Intake Notes	String	Additional important information about the intake process.	"Must apply in person at a distribution site near residence.", "First come, first served"	Can be an empty string.
Description	String	A detailed paragraph describing the service, what it provides, and its purpose.	"Provides food and nutrition education to eligible low-income seniors. USDA food is given to registered participants monthly..."	
Eligibility	String	The specific criteria a client must meet to qualify for the	"Low-income seniors age 60 years and	This is a free-text field with detailed,

Key Name	Data Type	Description	Example(s)	Notes
		service, often including income guidelines, age, residency, or population-specific requirements.	older. Must reside in San Diego County and must meet the income guidelines below..."	non-standardized information.
Area Served	String	The geographic region, city, or specific zip codes the service is available to.	"North Inland Region of San Diego County", "92114"	
Types of Fees	String	A description of the cost structure for the service.	"No fees", "Donations accepted", "Fixed fee"	
Fee Amount	String	The specific monetary amount of the fee, if applicable. Often paired with Types of Fees.	"\$4.00 non-seniors", ""	Can be an empty string.
Insurance Type Accepted	String	General categories of insurance accepted by the service provider.	"Not Applicable", "No Insurance Required", "Medicare"	

Key Name	Data Type	Description	Example(s)	Notes
Language other than English	String	A list of languages, other than English, that are spoken by staff or for which translation services are available.	"Spanish", "Spanish, Interpretation services available"	Can be an empty string.
Insurance Plans Accepted	String	Specific names of insurance plans that are accepted.	"HealthNet, Aetna", ""	Can be an empty string.
Service Rules and Guidelines	String	Specific rules, regulations, or guidelines clients must follow to receive or continue receiving services.	"Not accessible by public transit", ""	Can be an empty string.
Capacity Limitations	String	Information on the maximum number of clients the service can accommodate at one time or in a given period.	"50 clients", "None", "Not applicable"	
Wait List	String	Indicates whether a waitlist exists for the service and may provide an estimated wait time.	"10 days", "None", "Yes, call for information"	
Helpful Tips	String	Additional practical advice or useful	"Families are	Can be an empty string.

Key Name	Data Type	Description	Example(s)	Notes
		information for clients intending to use the service.	encouraged to bring reusable bags or a cart to carry the food items.", ""
